2026 Camp Schedule 82nd Season

STAFF TRAINING

June 03 - June 13

2 WEEK SESSIONS

Session A June 14 - June 27

Session B June 28 - July 11

Session C July 12 - July 25

Session D July 26 - Aug 8

4 WEEK SESSIONS

1st Session June 14 - July 11

2nd Session July 12 - Aug 8

2027 PRIORITY ENROLLMENT

September 01 - October 15

2027 OPEN ENROLLMENT

November 01, 2026

Enrollment 2026

As if we needed another reminder of what an incredible summer we just shared, opening enrollment for 2026 certainly provided one. Returning camper applications poured in quickly during our Priority Enrollment period beginning September 1st, and it brought us tremendous joy to see these names we know so well come in on applications throughout the fall. Another fun part of this enrollment timeframe, is seeing the applications for new siblings of returning campers. For 2026, we have enrolled over sixty new siblings of our returning campers.

We received a record number of new camper applications in these early months. As always, we hold these until Priority Enrollment concludes and begin reviewing them on November 1st. Our fall enrollment timeline has remained consistent for more than twenty-five years: first, a dedicated Priority Enrollment window for returning families, followed by Open Enrollment for new families. This approach reflects our commitment to honoring returning families by giving them a period of time to secure their same session as the previous summer. We then look to our new families and get excited about fitting them in. We really encourage new families to apply any time after September 1st for best chances of enrollment, particular in the older age groups which fill up quickly.

The processing of new camper family applications began on November 1st and we had great success in finding availability for most of these new applicants who applied early. Some needed to have a bit of flexibility in which sessions were available but most got their first choice. At this time, we have enrolled 150 first year campers, of which almost half are siblings and the others are brand new to Skylake. We can't wait to share the magic with all of them!

This year, we started a few waitlists in early November for certain age groups and sessions with the highest demand in Session C. We work diligently throughout the year to manage these lists and to fill spots as cancellations come in. We also understand that not all parents realize how early many camps begin enrollment. We do everything we can to accommodate families who reach out later in the year, and if space doesn't become available for the upcoming summer, we make sure these families are prioritized the following season.

For those currently on a waitlist, we know it can be hard as you need to finish your summer planning. We can tell you that we see some consistent patterns each year and times of year openings may come up. We typically see some cancellations around the new year, again before March 15th, and then a few more just before summer. We ask families on waitlists to remain patient. If a spot opens, we will contact you directly and ensure we hear back from you before offering the spot to the next camper. You are always welcome to check in for updates, and if your plans change, letting us know that you no longer need a waitlist spot is extremely helpful to us and to other families waiting as well.

Staffing Update 2026

Longevity, Climbing the ladder and Counselor Hiring Update

We need to start with a shout out to **Wrangler Cindy**, who will be returning to camp for her 21st summer in 2026! Cindy has become part of the fabric over two decades, serving as our Head Wrangler for both Family Camp and Children's Camp. Before campers have started to stir in their beds, Cindy arrives to camp a little after 6am to feed and saddle the 14 horses, Monday - Friday during the 8 weeks of Children's Camp. A handful of campers volunteer to wake up early to help with these morning chores. When reveille is played Cindy can be found enjoying a hot cup of coffee on the lakeside porch, then making her way to join us at flag raising donning her classic cowgirl hat, boots and spurs. Campers, especially the horseback riding faithful, love Cindy and her wealth of knowledge for the land we enjoy every summer and her deep love for horses and what they offer campers and staff each summer in the way of adventure and comfort.

Cindy also plays a behind the scenes role helping prepare the trails every spring. With a chainsaw in hand, Cindy clears brush or branches from the trails, and has added a favorite trail that winds down towards the lake and then back up to the trails behind camp before returning to the corral. Cindy's off-season work helping camp with defensible space clearing has also been instrumental over the past number of years. We are honored to have Cindy back for her 21st summer and appreciate her dedication to our Skylake community.

Alex Amos Sanders, former camper and counselor will take the position of Special Programs Coordinator! This leadership team position is in charge of our Camper In Leadership Training Program as the number one priority including leading workshops, managing the CILT group to operate the Sunday Carnival each session and weekly camp dances. Additionally, this position helps out with all areas of Skylake leadership, serving as additional support in other areas of camp when other leadership staff are on a day off. Alex has been part of Skylake for nearly a decade, spending many summers as a camper and especially loving her time as a CILT herself! Alex later returned as a counselor for two summers, getting to lead two of her favorite activities, Outdoor Cooking (ODC) and Swimming. Alex is excited to step into the role of Special Programs Coordinator. Having been a CILT, and having had the chance to work with last year's CILTs during their Lifeguard Training, she is really looking forward to supporting the program from a new perspective and continuing to cultivate the Skylake community!

The Head Girls Counselor position has been filled by a newer shining star, **Payton Panger**. Payton has been a phenomenal counselor the past two summers, gaining recognition from leadership staff and Directors alike for her caring leadership as well as strong work ethic and dedication to Skylake's magic and mission to our campers. We are thrilled to have Payton as our Head Girls Counselor for 2026!

Leading our Trips program this summer, we are very proud and privileged to have **Andrew Snow** returning to take on the important position of Trips Coordinator. Andrew's knowledge and comfort in the backcountry are admirable and his focus on safety and camper experience all combine to make him the perfect person for this position. Andrew was a part of Skylake's Trips Team last summer so he will hit the ground running as our Trips Coordinator for 2026. We are excited to welcome this great group to our Leadership Team!

The counselor roster for summer 2026 is filling up! We currently have 32 female counselors and 16 male counselors hired. This is about 75% of our counselors already hired! We also have two Trips Staff hired as well as two very qualified and excited Nurse's Assistants. Applications are coming in, per our annual norm, always picking up speed during Thanksgiving into December and January. We are usually fully staffed by the end of February. We are conducting interviews for our remaining Leadership Staff positions and look forward to building another strong team of leaders for Summer 2026!

Food That Fuels the Camp Experience

Food is such a big part of the camp experience, and it's something we put a tremendous amount of care and thought into every year. This is the time of year where the team is deep into menu planning, reviewing what campers and staff have loved, brainstorming new ideas, and finding ways to build on what's been most successful.

Some favorites have earned their permanent place on the menu, like Taco Tuesday and Burger Friday, which continue to be our most popular lunches. Last year's introduction of a pulled BBQ Chicken Sandwich was well received and will be back. Berry Wednesday, widely considered the very best breakfast of the week has become tradition, with bowls of every type of berry, waffles and fresh whipped cream. Oatmeal also makes the perfect base for the endless berries and fun toppings. We're especially proud of how our dinner program has evolved, with some truly restaurant-worthy meals. Highlights include BBQ whole chickens straight off the charcoal grill paired with a baked potato bar and cornbread, and our popular Tri Tip night, complete with Lyle's secret chimichurri sauce, a favorite among campers and staff alike.

We've also seen just how much campers and staff appreciate choice and flexibility. Each year we expand our salad bar offerings, and it's been exciting to watch how popular it has become. Adding pasta as a consistent alternative option at dinner has also been a big hit. We are very mindful of campers and staff who are vegetarian, vegan, or navigating food allergies and dietary restrictions, and we have expanded options and variety of our gluten-free offerings as well. And of course, no camp menu would be complete without dessert! Our homemade ice creams in a wide range of flavors remain a standout, and we're excited to be working on new dairy-free recipes for this summer. The cobbler nights with homemade vanilla ice cream make everyone go wild.

Each session, we carefully review camper and parent surveys and use that feedback to guide our winter menu revisions. It's a process we value deeply, and one that helps us keep improving year after year. If you ever have questions, ideas, or feedback about food service, we'd love to hear from you anytime.

Winter Activities: Associations, Annual Conferences, and Board seats

Camp is built on people, traditions, meaningful programs, and the confidence that you can trust the practices and standards behind them. One of the ways we uphold that high standard is by actively participating in three leading camp organizations: WAIC (Western Association of Independent Camps), CODA (Camp Owners and Directors Association), and ACA (American Camp Association).

WAIC is a professional network of independently operated camps across the western U.S., providing a space for camp leaders to share best practices, explore emerging issues, and learn from one another. Members collaborate on everything from staff training and risk management to program innovation and youth development trends. We're especially proud that Adrienne, one of our directors, serves as Vice President on the board for WAIC's Northern California section, helping strengthen collaboration and professional learning among camps in our region. Her leadership underscores our belief that strong camps don't operate in isolation, we get better when we learn together. Adrienne and Jessica both enjoyed attending the WAIC annual conference in Phoenix this November, returning with new ideas and tools that enhance the camper experience, support staff excellence, and reinforce operational safety.

CODA's mission is to support leadership and operations at the owner and director level, with a strong focus on running camps with integrity and long-term sustainability. The organization brings together camp leaders to explore high-level topics such as leadership development, legal and operational best practices, staffing systems, and fostering healthy organizational culture. Adrienne and Jessica look forward to attending CODA's annual conference in February.

ACA is widely recognized for its leadership in supporting camps through professional development, research, accreditation standards, and continuous improvement practices. The organization is committed to sharing evidence-based approaches in areas such as camper safety, staff supervision, mental health supports, inclusive programming, and risk management.

The upcoming ACA annual conference in San Diego will be an exciting opportunity for Jon Moore (Family Camp Director and Children's Camp part-time Leadership Support) and Emily Rogers (Summer PM Director and off-season New Counselor Hiring Coordinator) to learn from industry experts. They look forward to returning with fresh ideas and best practices to strengthen the Skylake experience.

We're grateful to be part of these communities, and we're even more grateful for the chance to put what we learn into action every summer.

The Trading Post is Open! Skylake Spirit, All Year Long

Missing camp just a little extra this winter? The Skylake Online Trading Post is the perfect way to keep the camp spirit alive all year long. Whether you're cozying up at home, heading out on an adventure, or counting down the days until summer, Skylake merchandise helps you stay connected to the community you love. It's always fun to run into someone you don't know wearing Skylake merchandise and instantly feel a connection!

Currently available are college style embroidered sweatshirts, super soft sweatpants, T-shirts, beanies and playing cards. During the summer, the in-camp Skylake Trading Post offers additional clothing styles and special items that are only available at camp, something to look forward to when camp is back in session.

Shopping is easy, and it's a fun way to carry a little piece of camp with you through the winter and beyond. You can visit the Online Trading Post on the top, right hand side of the Skylake website.

Skylake Yosemite Camp

Los Angeles Fires A Year Later, With Gratitude for the Skylake Community

Last winter, we shared how deeply the Los Angeles fires had impacted members of our Skylake community. Many families were facing unimaginable loss and uncertainty, and as a camp community, we committed to showing up for them in every way we could. We set an ambitious goal: Skylake would commit to covering half the cost of camp for these campers, with the vision that we could raise the other half through donations from Skylake families. We were truly moved when families met that goal with enthusiasm and generosity.

Thanks to the generosity, care, and willingness of so many Skylake families to step forward, together we were able to support 29 campers who were directly affected by the fires in attending camp this summer without the added burden of worrying about the cost. Because of you, these campers were able to arrive at Skylake focused on being kids; laughing, swimming, singing, reconnecting with friends, and fully immersing themselves in the joy of camp. And they truly had the best time.

We know that for many of these families, the impact of the fires is far from over. Rebuilding homes and lives takes time, patience, and resilience. While the road ahead is still long, we heard again and again how meaningful it was for campers to have a place this summer that felt safe, familiar, and full of belonging. Camp offered moments of healing, normalcy, and connection during a year that has been anything but normal.

We are incredibly grateful to be part of a community where so many people stepped up offering financial support, words of encouragement, and a shared commitment to making sure every child had the opportunity to experience Skylake. This is a powerful reminder of what makes our camp community so special, and we thank you for being part of it.
